#### **MISSION STATEMENT**

The Board of Trustees of the Hyalite Rural Fire District (HRFD) exists to exercise financial oversight, provide policy leadership, and create a culture of trust and accountability among district taxpayers and the staff and volunteers who provide emergency services.

#### **GOALS**

- Continue to engage the public, leading to better understanding of and support for the HRFD.
- Align community expectations with the HRFD budget.
- Continue to plan for and support the district's capital replacement funds.
- Remain well informed of growth patterns in the district.
- Maintain positive and productive relationships with other emergency service providers/agencies within our community.

#### **BOARD PROCESS**

The HRFD Board approaches its task with a style that emphasizes outward vision rather than internal preoccupation, encouragement of diversity in viewpoints, strategic leadership more than administrative detail, clear distinction of Board and staff roles, collective rather than individual decisions, and proactivity rather than reactivity. More specifically, the Board will:

- Operate in all ways mindful of its public trusteeship obligation to the residents of the HRFD.
- Represents the district tax payers. The Fire Chief is the CEO responsible for the department's
  operations. The Board balances the needs of the department with the expectations and desires
  of district residents.
- The Board collaborates with the Fire Chief to establish Broad strategy and objectives then establishes policy as necessary to be implemented by the Fire Chief. The Board monitors and evaluates the Fire Chiefs implantation of strategy and objectives and works to remove barriers to success.
- Delegate all Board authority to staff through the Fire Chief. Accountability of the staff is the responsibility of the Fire Chief.
